

The Yard Baseball Academy's All Around Summer Camp

Join The Yard for our exciting All-Around Summer Camp. This is a great opportunity to not only receive outstanding instruction and develop skills in all areas of the game, but doing it in a fun high energy environment. **Space is limited**, so call us at the academy, **(503) 352-0917**, to reserve your spot.

The three main areas that we will focus on throughout the summer:

Pitching - Students will learn the importance of proper mechanics throughout the throwing and pitching delivery. Players, no matter where they are on the field must be able to throw the ball accurately. You will learn the techniques that will allow you to throw the ball with great consistency.

Hitting - During the summer camp, students will develop an understanding of some of the key aspects to making solid contact when hitting a baseball. We will discuss swing plane, allowing for more consistent contact, balance, helping hitters be able to repeat the same level swing, and power, being able to use the body properly to generate a quicker swing.

Fielding/Games - Students will learn how to field a ball properly, both on the ground and in the air. We will also spend time using the skills we have learned and incorporate them into games. These games are not only designed to be a lot of fun, but also will challenge each student in the aspects that we are practicing.

Our instructors have experience at both the college and professional levels, and use that knowledge to create a fun, exciting, and educational atmosphere. Give us a call at the academy, **(503) 352 - 0917**, to reserve your spot for the summer.
